

RE: REQUEST FOR EXPRESSIONS OF INTEREST FROM SUITABLY QUALIFIED SUPPLIERS IN THE MANUFACTURING INDUSTRY IN THE FOLLOWING SECTORS: RAILWAY, AUTOMOTIVE AND AEROSPACE

GE South Africa Technologies (GESAT) is a joint venture company that was formed by GE Transportation, a subsidiary of General Electric, and the Mineworkers Investment Company (MIC). To date, GESAT has delivered more than 30% local content, 150 000 hours of skills training, and more than R1.8-billion (\$180-million) in procurement spend from black small- and medium-enterprises in support of the government's competitive supplier development programme. These suppliers are vital for the success of the GESAT-Transnet venture, while creating economic diversity as they add to the growth of the South African economy.

GESAT would like to request Expressions of Interest (Eoi) from suitably qualified suppliers with demonstrable experience and capabilities in the manufacturing of components/parts for the supply of manufacturing and maintenance of diesel electric locomotives and/or other heavy industrial machines.

Please provide us with more information about your company by completing the survey below:

<https://expressionofinterest.online>

It is requested that interested suppliers specifically indicate their area of interest in line with the 10 designations listed below in their submission:

Designations: (1) Locomotive Assembly; (2) Car Body; (3) Bogie; (4) Coupling Equipment; (5) Suspension; (6) Heat, Ventilation and Air Conditioning; (7) Braking Systems; (8) Alternators; (9) Traction Motors; and (10) Electric Systems. For other non-designated parts please specify in the space provided.

Ref: National Treasury designated sectors practice note 4 of 2016/2017.

Note:

The Eoi's will be non-binding in the sense that submissions will not constitute firm contractual offers, capable of acceptance by GESAT. The submission of an Eoi will enable GESAT to assess responses from interested parties in the context of a process whereby capable suppliers will be invited to respond to a Request for Qualification (RFQ).

GESAT retains the right not to shortlist any of the participating suppliers.

Closing Date and Time:

The Eoi submission link will expire after 22h00 on Tuesday 20 June 2017.

Late or incomplete submissions will not be considered.
